

Ready2Talk™

PA Solutions

No matter the size of your
Sightseeing Company

*Finally...there is an easy to use
PA system that works*

Simple, Durable, Affordable, Great Sound

Benefits

- Great sounding, easy to use, proven, reliable PA system that fits the budget
- Gain a level of professionalism when all your clients can hear your guides properly
- Adds safety when you keep both hands on the wheel and use a headset microphone
- Both models have an Ipod input allowing music and commentary to be played individually or together
- Designed through over 25 years of experience working closely with the sightseeing industry
- Easily serviceable product for years of use
- No batteries or funny conversion boxes required for the headset to work
- Online PA operation video for easy staff training

Testimonials

“All I can say is WOW! I wish we had this Ready2Talk system a few years ago.”

Stan (North Carolina, USA)

Garage Pass Race Tours

“Before making the decision to use Ready2Talk, I browsed around. It was very difficult to find similar devices and what I found were out of my budget. The PA system gives a great value for the investment, not to mention, in the tourism business you can't conduct a tour without one”

Eduardo Torres (Vancouver, CAN)

Heading North Recreation Inc.

“The system was installed, used a couple of days later and it worked flawlessly – it is a voice saver. THANK YOU FOR MAKING THIS AVAILABLE.”

Bob Davison (Halifax, CAN)

Blue Diamond Tours

“It worked very nicely. The biggest benefit was I wasn't tired from yelling for hours, and my guests could hear me even in the back”

Paul (San Diego, USA)

“Ready2Talk have been designing and supplying headset PA systems for Landsea Tours since I started the business in 1985. Installed in our 24-passenger buses, these systems provide excellent sound quality and reliability. Equally important is the level of service and support provided.”

Scott Mason (Vancouver, CAN)

Landsea Tours

“The PA system is fantastic! What an enormous improvement. Our tour guides are over the moon. Thank you so much for all of your assistance.”

Pat Crowley (Alberta, CAN)

Maligne Lake

“Your product is amazing, really like it.”

Murilo (New Zealand)

Moana Motion
